Saturday morning appointments available

As part of the NHS winter pressures planning, the surgery will be offering a limited number of pre bookable appointments on Saturday mornings from December to March. This will increase our capacity to offer timely appointments to our patients at a time of increased demand throughout the NHS. Please ask reception if you would like to book one of these appointments.

Please note the main surgery door will be closed and access to the building will be by the smaller exit door. A receptionist will let pre booked patients only into the surgery as this is not a walk in service or for any other surgery purpose such as prescriptions etc.
